01. ...

Vision

To redefine competitive exam preparation through systems, mentorship, and precision-driven learning—making high-quality IIT-JEE and NEET preparation more accessible, structured, and student-centric.

Edutattva envisions a future where success in competitive exams is not limited to a privileged few, but becomes achievable for every deserving student through the right guidance, the right environment, and the right execution systems.

Mission

To build a performance-driven academic ecosystem that nurtures every student with clarity, discipline, strategy, and personal care—helping them achieve their optimum potential in IIT-JEE, NEET, and beyond.

We are committed to:

- Delivering conceptually strong and strategically aligned preparation
- Continuously evolving with the latest competitive exam trends
- Building exam temperament, confidence, and consistency
- Providing structured mentoring and precise performance analysis
- Making quality academic systems more affordable and scalable without compromising standards

At Edutattva, we believe true education is not about producing ranks alone. It is about building capable, confident, and future-ready individuals.

02. ●●●

WHO ARE WE?

Built on Experience. Driven by Purpose.

Edutattva isn't another coaching initiative.

It was built on a deep realisation—after decades in academic leadership—that quality education, structured systems, and personal mentorship are often inaccessible to many deserving students.

As co-founders, we have spent years working closely with students across diverse academic environments—understanding not just how they learn, but where they struggle, lose direction, and fall short despite effort.

This led to a singular vision:

To make high-quality, result-driven academic systems more accessible, more structured, and more personal.

Nishant Tripathi (MNT Sir) & Sourav Mondal (PSOM Sir)

ACADEMIC LEADERSHIP

**BUILT BY EXPERTS.
DRIVEN BY RESULTS.**

Edutattva is led by a team of highly experienced educators who have consistently delivered top results in IIT-JEE and NEET.

Edutattva is led by a team of highly experienced educators who have consistently delivered top results in IIT-JEE and NEET.

Their strength lies not just in teaching, but in designing systems that produce outcomes at scale.

Leadership strengths

- 80+ years of combined academic experience
- Thousands of students mentored successfully
- Proven track record of top ranks and high scores
- Strong expertise in curriculum design and execution

At Edutattva, results will not be accidental; they will be designed and delivered.

1	Nishant Tripathi	Co-Founder & Chief Academic & Strategy Officer (CASO)
2	Sourav Mondal	Co-Founder & Chief Academic & Operations Officer (CAOO)
3	Kailasam Ramamoorthy	Mentor & Director – Chemistry & Academic Excellence
4	Rahul Kumar Ojha	Director – Mathematics & Results Excellence Overall
5	K. N. Bhargava Mondem	Director – Biology & Academic Excellence NEET

04. ●●●

THE PROBLEM

Why do most students fail to reach their true potential?

The challenge is not intelligence. The challenge is execution.

Every year, thousands of students prepare seriously for IIT-JEE and NEET. Yet, many fail to achieve the results they are capable of—not because they lack intelligence or hard work, but because competitive exams demand far more than syllabus completion.

Modern competitive examinations are designed to test application ability, accuracy under pressure, decision-making speed, and consistency across long preparation cycles. Unfortunately, many students prepare without understanding evolving exam trends, without proper performance analysis, and without continuous strategic mentoring. Over time, small mistakes remain uncorrected, confidence begins to fluctuate, and performance slowly falls below potential.

Success in IIT-JEE and NEET is not simply about studying harder. It is about preparing smarter, building strong exam temperament, analysing mistakes scientifically, and continuously refining performance through the right guidance and systems.

At Edutattva, we focus not only on teaching concepts but also on systematically developing confident performers through structured mentoring, precise test analysis, continuous benchmarking, and performance improvement techniques designed to help every student reach their full potential.

PROGRAMS OFFERED

Programs designed for every stage of academic growth

Edutattva offers structured programs aligned with a student's academic journey, ensuring continuity and progression every stage of academic growth

INTEGRATED SCHOOL PROGRAM (IX–XII)

A fully synchronized model where core subjects are handled by Edutattva within the school framework. This eliminates duplication and ensures clarity.

FOUNDATION PROGRAM (VI–VIII)

Focused on early concept building, logical thinking, and exposure to competitive exams.

CLASSROOM EXCELLENCE PROGRAM

Designed for students attending regular schools, this programme provides structured academic reinforcement beyond school hours. (Grade IX to XII)

PROGRAM HIGHLIGHTS

Seamless curriculum alignment
Progressive difficulty levels
Long-term academic planning
Early identification of strengths and gaps

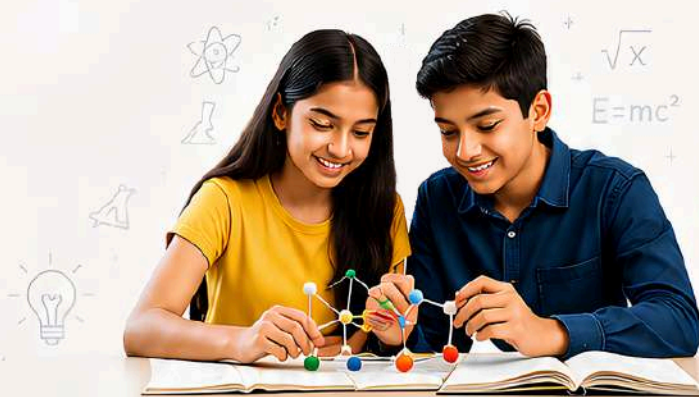

FOUNDATION PROGRAMS (6 to 8)

NURTURING THINKERS TODAY.
SHAPING ACHIEVERS TOMORROW

**A STRONG FOUNDATION TODAY,
A SUCCESSFUL FUTURE TOMORROW.**

Our foundation program gives your child the academic edge, thinking skills and confidence they need to excel in school, Olympiads and future competitive exams.

CHOOSE THE RIGHT PATH FOR YOUR CHILD

GRADE 6

EDU ROOT

BUILD STRONG BASICS

- ✓ Strengthen concepts in Maths, Science & English
- ✓ Curiosity-driven learning with real-world applications
- ✓ Build study habits & discipline
- ✓ Fun with logic, puzzles & activities

Strong Roots. Strong Future.

GRADE 7

EDU SPARK

IGNITE POTENTIAL

- ✓ Deeper understanding of concepts
- ✓ Introduction to Olympiads & competitive mindset
- ✓ Develop analytical thinking & problem solving
- ✓ Regular practice, tests & feedback

Spark Today. Shine Tomorrow.

GRADE 8

EDU QUEST

PREPARE. PERFORM. PROGRESS.

- ✓ Advanced problem solving & higher order thinking
- ✓ Olympiad preparation (NSO, IMO, IEO & more)
- ✓ Build speed, accuracy & exam temperament
- ✓ Foundation for JEE / NEET starts here

Quest for Excellence. Lead the Future.

WHY CHOOSE OUR FOUNDATION PROGRAM?

BEYOND SCHOOL TEXTBOOKS

Concept-based learning with real-world application

OLYMPIADS TODAY, LEADERS TOMORROW

Early exposure to Olympiads & talent exams builds a winning mindset

HIGHER ORDER THINKING

Logical reasoning, analytical thinking and problem solving for success

EARLY EXAM TEMPERAMENT BUILDING

Regular tests improve accuracy, speed, focus & confidence

FUTURE ADVANTAGE IN GRADES 9-12

A strong foundation makes the path to JEE, NEET & Board Exams easier

THE EDUTATTVA E4 ENGINE

A proven learning cycle that ensures continuous growth.

EXPLORE

Explore concepts through curiosity, inquiry and discovery.

EVOLVE

Personalized feedback and mentoring help students improve continuously and reach their full potential.

ENGAGE

Interactive classes, discussions and applications deepen understanding.

EVALUATE

Regular tests and assessments measure learning and identify strengths.

THE EDUTATTVA PATHWAY

A journey from foundation to future excellence.

GRADES 6 - 8

Build Strong Concepts & Thinking Skills

GRADES 9 - 10

Deepen Learning & Olympiad Excellence

GRADES 11 - 12

Competitive Edge for JEE / NEET

YOUR FUTURE GOALS

IITs • NITs • AIIMS • Top Universities & Beyond

EDU IGNITE

Classroom & Integrated JEE/NEET Foundation Program for Grade 9 & 10

Building the Foundation for **JEE, NEET** & Board Excellence

The transition from Class VIII to IX marks a crucial phase in a student's academic journey.

At **Edutattva**, we help students excel in Class X Boards while simultaneously building the academic foundation required for future success in JEE, NEET, Olympiads and other competitive examinations.

**Strong Foundation Today,
Successful Future Tomorrow.**

WHY START IN CLASS IX?

Most students begin preparing for JEE or NEET only in Class XI.

TOP PERFORMERS START EARLY.

By beginning in Classes IX & X, students gain:

Better
Conceptual
Understanding

Stronger
Problem-Solving
Ability

Greater
Confidence in
Maths & Science

Exposure to
Competitive
Exam Patterns

Better Academic
Discipline &
Study Habits

Reduced Pressure
in Classes
XI & XII

The Right Start in
IX & X Leads to
Extraordinary Results
in XI & XII.

Concepts become easier.
Confidence grows stronger.
Dreams become **achievable**.

affordable fee.

POWERFUL TESTING ECOSYSTEM

- ✓ Sunday Summary Tests
- ✓ Chapter Proficiency Tests
- ✓ Module Tests
- ✓ JEE Main Pattern Tests

- ✓ JEE Advanced Pattern Tests
- ✓ NEET Pattern Tests
- ✓ Full Test Series
- ✓ Detailed Analysis Sessions

GRADE XI

SERIOUS JEE | NEET

— ASPIRANTS PROGRAM —

The **Personal Attention** of a Classroom.
The **Convenience** of Learning from Home.

WHY IS EDU EDGE ONLINE DIFFERENT?

MOST ONLINE COACHING

- ✗ Massive batches, little interaction
- ✗ Recorded videos, not real teaching
- ✗ Doubts unresolved for weeks
- ✗ No personal monitoring
- ✗ Students lose consistency

VS

EDU EDGE ONLINE CLASS

- ✓ Live interactive classes
- ✓ Small batches for personal attention
- ✓ Weekly doubt clinics
- ✓ Continuous mentorship & monitoring
- ✓ Building consistency. Driving results.

LIVE INTERACTIVE CLASSES

Real-time interaction.
Ask questions.
Engage. Understand.
Learn better.

SMALL BATCH SIZE

Limited students
per batch for
personal attention
and better
engagement.

WEEKLY DOUBT CLINICS

Dedicated sessions
for doubts, assignments,
problem solving and
academic guidance.

ADVANCED TESTING & ANALYTICS

Regular tests with
detailed analysis,
rank prediction &
improvement plans.

PERSONAL MENTORSHIP

Continuous academic
monitoring, study
planning, motivation
& parent updates.

COMPREHENSIVE STUDY MATERIAL

Well-structured notes,
assignments, PYQs,
practice sheets &
revision modules.

FOR STUDENTS WHO AIM FOR

JEE ASPIRANTS

- IITs • NITs • IIITs
- BITS Pilani & Other
Top Engineering Institutes

NEET ASPIRANTS

- AIIMS • Government
Medical Colleges
- Top Medical Institutions
Across India

PREMIUM QUALITY LEARNING AT AN AFFORDABLE FEE

Because quality education
should be accessible to
every deserving student.

WHAT WE SET OUT TO BUILD

Edutattva is designed as a system where:

- Every student receives clarity in learning
- Every effort is guided and optimised
- Every gap is identified and addressed
- Every child is mentored, not just taught

We have consciously built **Edutattva** to combine:

- The rigour of top-tier academic systems
- The precision of structured execution frameworks
- The care and attention every student truly deserves

Our Commitment

We believe that real education is not about completing the syllabus. It is about building capability, confidence, and consistency.

At **Edutattva**, students are not treated as part of a batch.

They are treated as individuals with potential that must be **carefully nurtured and systematically developed**.

What Makes This Personal

Edutattva reflects not just our professional experience but also our personal commitment to doing education the right way.

- Making quality education more affordable without compromising standards
- Ensuring every student gets structured academic support
- Creating an environment where discipline and care coexist

**EDUTATTVA IS NOT JUST WHAT WE TEACH.
IT IS WHAT WE BELIEVE EDUCATION SHOULD BE.**

13. ●●●

EDUTATTVA ADVANTAGE

E4 ENGINE: WHERE LEARNING BECOMES PERFORMANCE

At Edutattva, we believe that academic success is not a function of effort alone; it is the result of structured execution and continuous refinement.

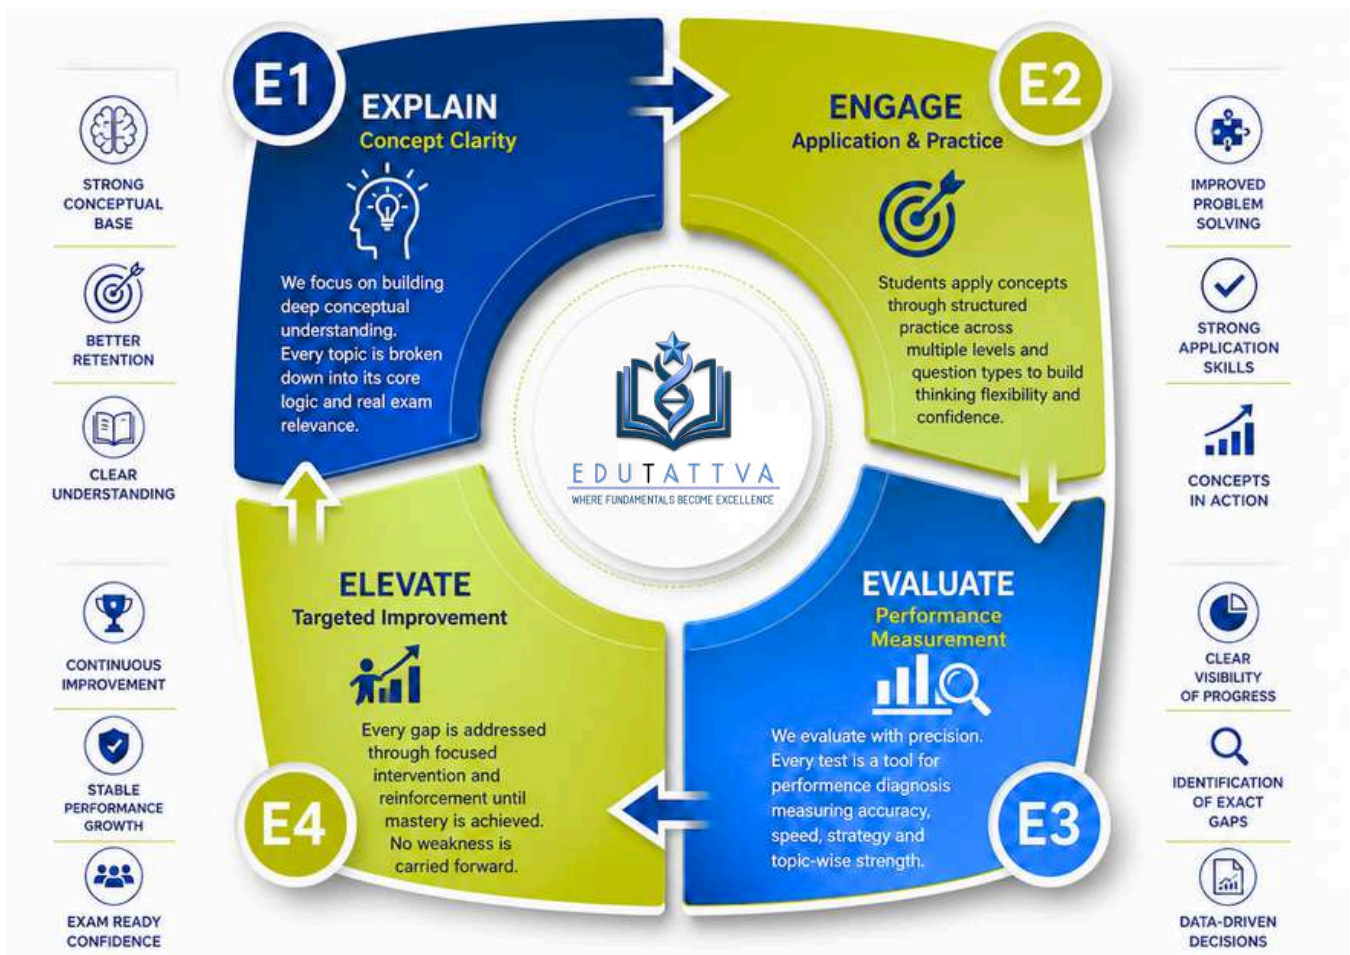

This is powered by our proprietary framework, the **E4 Engine** (Edutattva Execution Engine), a precision-driven system that transforms learning into measurable performance. Unlike conventional approaches that stop at teaching, the **E4 Engine** ensures that every concept is understood, applied, tested, and perfected before moving forward.

How the E4 Engine Works

Every student progresses through four tightly integrated stages:

Explain → Engage → Evaluate → Elevate

Each stage is designed to build not just knowledge, but **competence, confidence, and consistency**.

14. ...

MENTORSHIP WITH FULL STUDENT SUPPORT, YET AFFORDABLE

At Edutattva, we strongly believe that competitive exam preparation cannot be treated as a mass-production system. Every student learns differently, progresses at different rates, and faces different academic and emotional challenges during the preparation journey.

That is why we prioritise mentorship, personal attention, and ongoing academic support. Our students are guided through:

- Regular one-on-one mentoring interactions
- Continuous performance monitoring and feedback
- Individual doubt support and correction strategies
- Motivation, discipline, and exam temperament guidance

We ensure that no student feels unnoticed, unheard, or academically disconnected during the preparation process.

What further distinguishes Edutattva is our commitment to making high-quality preparation more accessible and value-driven. While many commercial coaching institutes operate with extremely high fee structures and limited academic interaction hours, Edutattva is designed differently.

Our programmes offer:

- Significantly higher faculty interaction time
- Stronger mentoring involvement
- Structured academic engagement
- Nearly **double the effective academic contact hours** compared to many conventional programmes – while still maintaining a fee structure that is more affordable and student-friendly.

At Edutattva, education is not viewed as a commercial transaction.

It is a responsibility towards every student who trusts us with their dreams.
